FORTY-THREE YEARS OLD — NILES, ALAMEDA COUNTY, CALIFORNIA, THURSDAY MORNING, JUNE 11, 1931 — NUMBER 25

NILES GROCERY STORE IS BROKEN INTO BY THIEVES EARLY TUESDAY MORNING

Merchandise and Cash Valued at $200 Obtained from MacMarr.

Forcing an entrance through a small skylight in front of the building, thieves broke into the Niles MacMarr store early Tuesday morning, stealing merchandise and cash estimated at $200.

The discovery was made by Charles Coyle, manager of the store, when he opened up at 6:45 o'clock Tuesday morning, who immediately noticed that the rear door of the store was wide open. A hasty check-up revealed the loss of a quantity of cigarettes, cigars and gum, together with $25 in cash, secreted by the butcher in his department.

Constable W. Ebright, of Niles, happened to be the first customer in the store on Tuesday morning, and commenced an immediate investigation. It is reported by Manager Coyle that several exceptionally clear finger prints were obtained by Ebright, which it is hoped will prove of assistance in trailing the thieves. Ebright was assisted by Deputy Sheriff Radbruch, of Livermore, in his investigations.

In the opinion of the officers, the theft was committed by two men, one rather large, and one exceptionally small, in view of the fact that footprints of a large person were found at the rear entrance to the store, and that whoever entered through the skylight must have been a person of very small stature, as the window is not more than twelve by eighteen inches in size.

It is also figured that the job was committed between the hours of 1:00 a. m. and 4:00 a. m., as Night Watchman Roderick reports seeing a tan colored coupe standing in the rear of the store at 4:00 o'clock in the morning, and that before he could make any complete investigation, it drove away, occupied by two men.

An inventory crew of two men from Oakland were busy until 1:00 o'clock Tuesday morning taking inventory of the stock in the local store.

The loss is reported to be fully covered by insurance, and although the actual value of merchandise taken cannot be ascertained until a complete check-up is made, it is estimated that it may run to $300.

The work might possibly have been done by members of a gang who have been making a practice of entering grocery stores during the past two or three weeks, their activities having been centered in Oakland and San Francisco. In the majority of cases, the thieves have been content with stealing just cigars and cigarettes, and have not touched any other class of merchandise.

CANYON BRIDGE IS SURFACED WITH ASPHALTE

A crew of workmen from the Alameda County road department have been busy during the past few days fixing the Ord bridge in Niles Canyon, the first bridge in the canyon on the way to Sunol and Pleasanton.

The crossing was formerly laid with timbers, which presented a very rough surface. The workmen placed a thin strip of lathe between each heavy timber, and then covered the whole roadbed with pitumuls, an asphalte covering. The lathe prevented the pitumuls from sinking between the timbers, and from ultimately cracking.

This improvement is a great benefit, as a great deal of traffic passes over every day, especially during the week-end.

APRICOT CANNING IS COMMENCED BY SCHUCKL CANNERY

Work Began This Morning; All Necessary Help Is Hired

Operations commenced this morning at the Schuckl Cannery on canning the season's output of apricots, approximately 350 extra people having been hired for a period of three or four weeks. The management of the cannery has announced it has hired all help needed, and that no more will be added to the payrolls at the present time.

The cots now being canned are being obtained from the San Joaquin Valley district, and are a much earlier ripening crop than the cots grown locally. Although the local crop this year promises to be as large as the output last season, present indications tend to show that the costs are not maintaining the usual high standard, and are much smaller than they should be at this stage. However, better weather conditions may make a decided change within the next two weeks.

Although no definite prices on the output this season are yet available, it is expected that the price will range somewhere in the neighborhood of $35 a ton for cots averaging ten to pound or better, or $15 orchard run.

Low Cherry Prices

No upward trend in cherry prices have yet been noted, the situation among the local growers still being as acute as ever. Four cents a pound is considered a very fair price, and at this price very few growers can afford to go to the expense of picking and marketing their crops.

Mrs. A. Ferrante, and son, John, of Decoto, are leaving today for a five months' trip to Italy. They plan to return home in October.

NEWARK CHILD IS BADLY INJURED BY SUDDEN EXPLOSION

Three-year-old Alvin Dutra In Critical Condition; Rescuer Hurt, Also

Sudden explosion of an ammonia tank on an ice machine in the Leonard Rose Dairy, Newark, last Saturday afternoon, may cost the life of little Alvin Dutra, three-year-old son of Mr. and Mrs. Tony Dutra, of the Dumbarton garage, Newark.

The youngster was tsanding right near the machine at the time of the explosion, and was badly burned and injured by the force of the blast. He was rescued by Joseph Pacheco, who was also burned. The ammonia fumes entered the throat and lungs of the two victims. Pacheco will recover, but the child is in a very critical condition at the San Jose hospital.

The cause of the explosion has not yet been determined.

Latest reports from the hospital state that the child is holding his own, but his condition is still exceedingly dangerous, necessitating a special nurse on duty both day and night.

Mr. and Mrs. Joe Cardoza, of Niles, visited friends in San Leandro on Sunday.

IMPRESSIVE RITES MARK WEDDING AT MISSION SAN JOSE

Miss Marie Mendoza Becomes Bride of Gregory Perry

Miss Marie Mendoza, daughter of Mr. and Mrs. Frank Mendoza, of Sunol, became the bride of Gregory Perry, son of Mr. and Mrs. Antone Perry, of Alvarado at an impressive ceremony performed by Reverend Father John Leal at 1:00 o'clock at the St. Joseph's church, at Mission San Jose, on Saturday, June 6

The bride wore a beautiful gown of white lace, and a veil fastened with orange blossoms, trimmed with lace, and embroidered at the bottom. Her shoes were of white moire. Miss Hazel Mendoza, sister of the bride, was maid of honor, and was attired in a gown of pale pink chiffon tied around the waist with a dark pink velvet ribbon. She wore a large picture hat of pale pink to match the dress trimmed in dark pink Her shoes were of a dark pink moire to match the trimmings of the dress. Both the bride's and maid of honor's gowns were ankle length. The bride carried a colonial bouquet of white sweet peas and lilies of the valley, with a ruffle of tulle surrounding the entire bouquet, with hanging streamers of tuile. The maid of honor carried a bouquet of orchids and pink sweet peas made in the same fashion as the bride's, but trimmed in dark pink tulle to match her shoes and dress trimmings.

The bridegroom was attended by his brother, James Perry, of Alvarado. Both men wore dark suits.

The bridal party marched into the church to the strains of Lohengrin's wedding march. During the ceremony, performed by Reverened Father Leal, soft strains of organ music could be heard, with Miss Winifred Azevedo, of Mision San Jose, as accompanist.

As the bridal party marched out of the church they were showered with rice and rose petals. There were a large number of relatives and friends from Washington township present at the ceremony.

After the wedding ceremony,

DYNAMITE CHARGE FOUND BY HIKERS SUNDAY UNDER WATER FLUME IN CANYON

ROSE BUSHES ARE NOW BLOOMING IN NEW NILES PARK

Nursery Company Plants 380 Lafayette Roses to Form Hedge.

Following plans drawn by Dana Bowers, landscape architect for the California Highway commission, the new scenic spot on the highway just north of Niles, is rapidly undergoing the transformation from an eyesore into a spot of beauty. Some 380 Lafayette rose bushes have been planted along the edge of the park and the main highway, which when fully grown, will form a beautiful hedge, resplendent with large red blooms. This particular rose was planted by the California Nursery Company for the reason that they bloom almost all the year, the excepting season being the winter. Some of the roses are already in flower, but because of the fact that they are young plants, full appreciation of their beauty will not be obtained until next spring.

The background of the new park has been planted with Monterey pines, Indian cedars and Mount Atlas cedars, which attain a height of some thirty or forty feet, while Pfitzer juniper trees will form the foreground. The juniper trees are of the spreading variety, and will not interfere with the view of the larger trees in the background. A few specimen California big trees have been planted in various parts of the park.

A large assortment of broadleaf evergreen shrubs and plants are to be planted in the park directly after the water system has been installed. Workmen have been busy during the past few days installing a temporary system until the complete sprinkler system is installed later in the year.

Children Pursuing Garter Snake Make Startling Discovery

Pursuit of a small garter snake by children led to the discovery Sunday afternoon of seven-sticks of dynamite and twenty feet of fuse planted under a concrete flume in Niles Canyon.. The dynamite, sufficient to blow away a large section of the aqueduct, had been secreted at the bottom of a narrow ditch between the flume and the rocky hillside. The flume carries a major portion of the water supply for San Francisco through Niles Canyon.

Acording to experts, the explosive must have been placed beneath the flume several months ago, as the paper in which the sticws were wrapped was bleached from exposure. Although the fuse bore unmistakable evidence of having been water soaked, it was still in servicable condition. The dynamite itself was in perfect condition.

Three children, members of a Sunday hiking party, discovered the snake, which sought refuge from its pursuers beneath a wide board laid against the base of the flume. When the board was removed, the snake was found coiled among the dynamite and fuse.

According to Deputy Sheriff Hugo Radbruck, the explosive might probably have been placed beneath the flume for the purpose of blowing it up, as within a few feet of where it was found was a hollow tree, a cave and deeply creviced rocks, any one of which would have offered a better hiding place if the dynamite had merely been stolen and attempt made to hide it.

The charge was removed by Radbruck and an attempt is being made by the sheriff's office to trace it through the serial number on the sticks.

Dynamite Old

That the charge of dynamite was placed beneath the flume sometime during last September was

STATUS OF PROPOSED ROAD EXTENSION IS DISCUSSED AT CHAMBER OF COMMERCE MEET

Reports Are Made by Both President Jones and R. Blacow.

Question of the present status of the proposed extension of Main street through the California Nursery company grounds to connect with the Alvarado road was brought up for discussion at the meeting of the Niles Chamber of Commerce held Tuesday noon, and complete reports were made by R. Blacow and President F. V. Jones.

Mr. Blacow reported that on Friday, June 5, County Surveyor George Posey, County Supervisor Ralph Richmond, in company with members of the executive committee of the Chamber of Commerce, met with Mr. and Mrs. J. C. Shinn, and assured them that work on the extension would be commenced immediately the necessary deeds were signed by Mr. Shinn and Delia McDonnell.

To date, the Chamber of Commerce committee have been unable to obtain the signatures of Mr. Shinn and Mrs. McDonnell,

RE-ELECT FACULTY TO SERVE AT NILES GRAMMAR SCHOOL

At an extremely busy session lasting until midnight Tuesday, trustees of the Niles Grammar school re-elected the following faculty to serve for the next school year: E. Dixon Bristow, principal; Misses Celeste Bunker, Selma De Jonge, Elinor Jack, Louise Inglis, Gertrude Keller, Florence Blair, Ann Perrin, Cecelia Enos, Helene Smith, Marie Curran.

Select Ralph V. Richmond Delegate to National Meet

Supervisor Ralph V. Richmond, of Niles, has been selected to represent Niles Lodge No. 110, Foresters of America, at the national meeting to be held in Boston in August. While making the trip, Supervisor Richmond will also visit other eastern states.

Richmond—Filice & Perrelli cannery has resumed operations.

Traffic Ordinance Details are Outlined to Civic Body by Judge

Judge J. A. Silva, of Niles, presented a very interesting talk on violation of traffic ordinances and details pertaining to such ordinances at the regular weekly luncheon meeting of the Niles Chamber of Comerce held Tuesday noon. He also outlined and explained many problems in connection with procedures followed in justice courts, and made the members present intimately acquainted with legal practices that were hitherto somewhat of a mystery to them.

The meeting Tuesday was one of the largest held for several months, an unusually large attendance supporting Lester Duffy, who officiated as chairman for the meeting.

The matter of widening the narrow strip of Main stret in front of the post office building is to be brought up for discussion at the next meeting. Whether or not the chamber should hold its weekly luncheon meetings during the summer months will also be decided upon next week.

W. Ebright was selected to officiate as chairman for the gathering next Tuesday.

San Mateo—Bayshore highway from San Mateo to Redwood City completed.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

THE STATE SCHOOL MACHINE

ALMOST any organization of men and women, or an amalgamation of financial interests having as its objective legislative "protection" when becoming powerful enough to secure helpful legislation for themselves or their corporations, will abuse the power that they find they possess. This has been notably true in regard to the political generalship of public school instructors and employees acting with and by agreement with state college and university faculties. They have gotten what was fair and then went after sinecures, little concerned with the man who pays the bills.

The "Tenure Law" is a fine example of power run mad. The law is one of the most infamous in this state. It simply passes comprehension that any state legislature, no matter how rotten, stupid, weak, boss-ridden, could have ever passed such a law. Its provisions are an insult to the taxpayers, and a reproach to the teaching profession. Perhaps you do not know what this law means in its last analysis. It provides for a permanent job for teachers who have taught three years in succession in one town. After that, the teacher may become apathetic, indifferent, lax, contentious and no school board can discharge the unwanted instructor, without so-called good and sufficient cause.

Infamous! The word is mild to express the resentment of such a law.

Just how popular would this be in the conduct of your private business? Not very popular. We'll say you had a man employed as a mechanic or a bookkeeper. His services were very satisfactory, for a long time. Three years passed and you kept him on the job. Gradually, he lost interest in things in general. Maybe some unpleasant things arose between you and the employee. Then you woke up to the fact that he was foisted upon you for life, at his election.

Very nice situation, indeed!

Well, what is the difference between private and the public business? A lot we'll say. You give every waking hour to the management of private business and ten minutes a year to public affairs.

That accounts for this law.

But the taxpayer is waking up. Teachers in politics are growing intolerable. Too much money is being spent on furbelows in the public school curriculum, and not sufficient attention given to the rudiments of education. Too much lobbying, gum-shoeing at Sacramento, and not enough time given to school efficiency.

The "Tenure Law" is iniquitous, infamous, and why it remains a law is only accountable upon the assumption, and doubtless correct, that our legislators are a set of cowards and are afraid to have a little clique at home holler: "Against the public school and education!"

Bah, it is nauseating.

Between politicians with the backbone of a chocolate eclair, and a teaching fraternity with the gall of a circus barker, the taxpayer is finding himself all but kicked to death. But, thank God, at last he is protesting. The effrontery of the whole thing gradually percolates his befuddled brain—and look out—he's getting mad. In his fury, the teaching fraternity will lose all it has gained and more.

To save itself it is our advice, and the advice of its real friends, to clean out the Augean stables.

Safety Glass

Ford cars are now equipped with safety glass in all doors and windows at a small extra charge

$15 *for the Coupe, De Luxe Coupe, Sport Coupe or Convertible Cabriolet* **$20** *for the Tudor Sedan, Standard Sedan, De Luxe Sedan, Town Sedan or Victoria*

THE Triplex safety glass windshield has always been an outstanding feature of the Model A Ford. By reducing the dangers of flying glass, it has saved many lives and prevented countless injuries in automobile collisions.

Now comes a further assurance of safety to every Ford owner . . . *polished plate safety glass in* ALL DOORS AND WINDOWS *at slight additional cost.*

The charge for this extra protection is unusually low because of large production and the development of new methods of manufacture. Simply tell the dealer when you buy the Ford that you want "safety plate glass in all doors and windows" and the car will be factory-equipped for you in that manner.

Today, as before, the safety glass windshield is furnished as standard equipment on all Ford cars without extra charge.

FORD OWNERS *This announcement refers only to NEW CARS. Ford dealers are not in a position to install safety glass in the windows of your present Ford at the above prices.*

Thirty-Nine Pupils To Be Promoted Into High School

The Schools of Pleasanton Township Have Large Graduating Classes

Thirty-nine grammar school students in Pleasanton township will be promoted into high school at commencement exercises in Pleasanton, Sunol, Dublin and Tassajara this year, it was learned from the school principals this week.

Pleasanton Grammar School is at the top of the list with twenty-nine graduates from the eighth grade. Sunol ranks second with six. Dublin will have three. The Tassajara district will promote one.

Judge W. H. Donahue, of Oakland, formerly of Pleasanton, was the principal speaker at the Pleasanton grammar school commencement exercises last week. The school band played a number of selections after which the students were presented with their certificates of promotion by T. H. Silver, school trustee.

The following is the list of students to be promoted, all of whom have expressed their intention of entering Amador Valley High School next fall:

Pleasanton Has Twenty-Nine

The graduates from Pleasanton Grammar School are twenty-nine in number—Tony Adami, Joe Amaro, Annie Avilla, Inez Bianchi, George Bowman, Victoria Campagna, William Carey, Claude Casey, Fred Durta, Elsie Jensen, Dorothy Kolln, Monte Macer, Levia Marino, Marie Martin, Rose Mederios, Elizabeth Merrill, Walter Mondo, Miller Morgan, Delina Munro, Rosaline Paulo, John Perry, Joseph Peters, Helen Rivolta, Millie Schmidt, Annabelle Sousa, James Sorensen, Jewel Spoonemore, and Sarah Uliana.

Sunol Enters Six

There will be six graduates from the Sunol Glen Grammar School, as follows—Eldora Perry, Marjorie Perry, Mildred Brask, Kathleen Butler, Andrew Goularte and Wilfred King.

Commencement exercises will be held there on Monday evening, June 15.

Three From Dublin

The Dublin Grammar School has three graduates, all of whom expect to go to high school. They are Harold Muller, Helen Cronin, and Dorothy Rasmussen.

Tassajara Gradutes Girl

Marie Pereria is the only graduate from the Tassajara Grammar School district. She is to enter Amador High School in the fall.

Amador to Consider Sewer Problem With Aid of Expert

Two New Proposals Are Placed Before Board on Monday

Two additional proposals were submitted to the Pleasanton town board it its meeting Monday for a granted permission by the Pleasanton council Monday to leave its meeting Monday night for a solution of the sewer farm problem. Action on these and others which have been received were tabled for further consideration with the aid of experts on the matter before any definite action is taken.

The proposals this month were from George A. Posey, county engineer; and the Burns-McDonnell-Smith Co., of Los Angeles.

Posey stated that there is no question as to the need of a new method of sewage disposal and clarification of the effluent coming from the disposal works.

He stated that there also remained the question of distribution of the effluent after it had been purified to such an extent as to be useable. He advised that borings be taken on adjacent property to obtain information as to pervious areas and that a test hole should be sunk on the present property to such a depth as may be necessary to show the soil conditions.

The Los Angeles company expressed the opinion that a small modern settling plant with subsequent careful operation of broad irrigation beds on the present farm would solve the difficulties for a few years.

This concern stated that a small clarifier and digester with gas collection for odor control, would cost approximately $10,000.

House Warming

Mrs. Harold Wiseman, of Niles, entertained with a house warming party on Saturday evening, when twenty guests enjoyed an evening of bridge. Delightful refreshments were served at midnight, and the evening was voted a wonderful success by all present.

MORE ON Status of Proposed

(Continued from Page One)

the former contending that he has had no definite assurance that the road would be completed through the nursery grounds after it had been constructed to the boundary line of his property and the nursery limits. Mrs. McDonnell, it is understood, is withholding her signature, pending the outcome of Mr. Shinn's question.

At the meeting President Jones called upon Norman H. Parks, publisher of the Township Register, to express his views on the matter. Mr. Parks responded with a talk in which he propounded his views of the steps that he thought should be taken to advance beyond the apparent deadlock that has at present been reached.

He stated that he thought the matter rested squarely upon the shoulders of the county board of supervisors to see that the extension is immediately pushed through in its entire length, and that should any property owners stand in the way of its progression, the county should immediately commence condemnation proceedings.

Mr. Parks also stated that if the town of Niles had been incorporated, the necessary steps could have been taken some time ago, and that instead of having practically wasted three long years and being no further ahead now than when proceedings were first started, the road would no doubt have been completed and in use at the present time.

INSTALLMENT OF NEW P.T.A. HEADS HELD ON TUESDAY

At the last meeting of the Niles Parent-Teachers association held Tuesday evening, June 9, the following officers were installed by Mrs. O. Haar, of Hayward, East Alameda County Council treasurer: President Mrs. Roland Bendel; vice-president, Miss Louise Ingalls; secretary, Mrs. A. McDonald; corresponding secretary, Mrs. E. Myrick; treasurer, Mrs. Joseph Zwissig; auditor, Mrs. Harvey Braun; parlimentarian, Mrs. E. A. Ellsworth.

GARDEN OF ALLAH TO ADMIT WOMEN FREE ON SATURDAY

Good news is in store for the ladies who attend the weekly dance given by A. A. Brady at the Garden of Allah, Niles, this week.

Ladies will be admitted free of charge on this occasion, when there will be a "good time dance." The gentlemen, however, will be required to present the usual admission fee.

Joe Margie's "Gardenallahs" will furnish the music for the good time dance, Saturday, June 13, and because of the nature of the affair a large attendance is expected from all the surrounding towns.

Today's Scripture LESSON

By Rev. John R. Stevenson

In the day when I cried Thou answeredst me, and strengthened me with strength in my soul—Ps. cxxxviii. 3.

It is not that I feel less weak, but Thou
Wilt be my strength; it is not that I see
Less sin; but more of pardoning love with Thee,
And all-sufficient grace. Enough! And now
All fluttering thought is still'd; I only rest,
And feel that Thou art near, and know I am blest.
—F. R. HAVERGAL.

Y.M.I. Scores Hard Earned Victory Over B. of L.E. &F. Sunday

Final Score Is 11 to 4— the Eighth is Big Inning

Behind the superb pitching of Jimmy Trimingham and Julius Anselmo the Pleasanton Y. M. I. squad garnered another victory on the baseball diamond last Sunday afternoon by a score of 11 to 4 over the Brotherhood of Locomotive Firemen and Engineers, of Oakland.

Pleasanton was trailing by one run when they went to bat in the eighth inning, the score being 4 to 3 in favor of the visitors.

After a single by Viada and a sacrifice by Vervais, an erronous decision by the umpire in calling a foul ball down the third base line fair, the Pleasanton baseballers started on a batting spree which netted eight runs.

The Y. M. I. team honestly won the game as the number of bingles which followed the poor decision of the umpire was sufficient to score three runs before the second out was made, which would have retired the side had the other decision been reversed and the batsman put out.

There were any number of interesting highlights during the game. Frank Viada in left field made several almost impossible catches. Not to be outdone, Howard, playing the same position for the B. of L. F. & E. robbed the Y. M. I. of several sure hits by making sensational catches. Another thrill was the double plays. The Y. M. I. completed three double killing. Bob Silva poled out the longest hit of the day, a three-bagger to deep center.

Trimingham, a curve ball pitcher, held the visitors to seven hits and four runs in six innings. Anselmo, a speed ball pitcher, relieved him at the start of the seventh frame and fanned the side in that inning and the first man to face him in the eighth for four consecutive strike-outs. Anselmo got credit for the win as the Y. M. I. was two runs behind when he took the mound.

The fans were treated to a real game of baseball, as many of the players are former coast and state league stars. On the Y. M. I. squad are Foster, short stop, Amadee, second base, and Kelly, catcher, all of whom have been with either coast league or state league teams during the past few seasons.

ENROLLMENT NEXT YEAR AT W.U.H.S. WILL BE LARGER

Although Washington Union High school lost sixty-three students at graduation exercises last evening, it will gain 161 more when it re-opens in August for the fall semester, that number of children having graduated from the nine grammar schools throughout Washington township, and being ready to enter for their first year of high school at that time.

Niles grammar school leads the parade of pupils who will be freshmen bait for the upper classmen of Washington Union High school next year with a total of thirty-two, while Centerville follows close behind with twenty-nine graduates. Followings is the complete list:

Niles	32
Centerville	29
Decoto	25
Alvarado	21
Newark	17
Irvington	16
Warm Springs	10
Alviso	4
Mission San Jose	7
Total	161

Family Whist Club Is Recently Entertained

Mrs. T. E. Chadbourne entertained the Family Whist Club recently, the guests being tendered a delicious supper at the Memorial Hall in the early part of the evening, later going to Mrs. Chadbourne's home for card playing. Mrs. Frank Dusterberry was awarded the first prize, while other prizes were also awarded to Mrs. Bergstrom, F. Dusterberry and Capt. T. Oakes. Consolation prizes were won by Mrs. F. O. Bunting, Mrs. H. Chadbourne, and Messrs. Merriam and Bergstrom.

CLUB MEMBERS ENJOY PROGRAM GIVEN RECENTLY

The Country Club members recently enjoyed a very entertaining afternoon's program, when the dramatic section of the club sponsored two short plays. Music and dancing were also enjoyed, and Mrs. H. Webb officiated as chairman for the occasion.

It is expected that the club will give four entertainments in the future, the proceeds of which will be devoted to clearing off the debts on the various improvements that have been made.

Centerville Residents Plan Extended Trip East

Mr. and Mrs. Robert Anderson, of Centerville, will leave the latter part of the month for an extended trip in the east. They will meet Miss Jewel, their daughter, who leaves on the 18th. Miss Jewel is president of the Gamma Phi Beta sorority, and is a delegate to the reunion to be held near Chicago.

CENTERVILLE CLUB HAS DINNER ON TENTH BIRTHDAY

Members Enjoy Dinner and Program On Thursday

Members of the St. James Men's club, of Centerville, celebrated the tenth anniversary of the founding of their organization last Thursday evening with an exceptionally fine dinner program, when forty-one members, including five charter members of the club, were present.

The splendid five-course chicken dinner was prepared and served by a committee of club members, whose efforts were highly lauded by all present. President Floyd E. Parks, as chairman of the evening, called upon several members for speeches, including Mrs. Carrie Emerson, president of the St. James Ladies' Guild; Reverend W. J. Attwood, Mrs. F. O. Bunting and H. F. Chadbourne.

During the dinner, several musical selections were rendered by the Men's Club trio, composed of Messrs. A. Ormsby, F. W. Blacow and B. M. Wisner. The latter part of the evening was devoted to card playing, bridge and whist being the favored games.

This was the last social function for the current season, the next meeting scheduled to be held in September, on account of summer vacations.

SCHOOL BAND PLANS ATTENDANCE AT CEREMONY

Rehearsals are being held every Friday evening by members of the Washington Union High school band who intend taking part in the parade and ceremonies planned for the formal celebration at the opening of the Sunnyvale dirigible base on July 4, according to J. Kimber, director of music at the school.

About fifty members of the school band have expressed desires to participate in the celebrations, and as a result, they will hold continuous rehearsals every Friday evening until July 4.

NATIVE DAUGHTERS PLAN ANNIVERSARY CELEBRATION SOON

Betsy Ross Parlor No. 283, Native Daughters of the Golden West, of Centerville, are planning for their fifth anniversary party to be held sometime during the latter part of this month.

A committee has been appointed especially for this purpose, and the affair promises to be a fitting celebration for the anniversary of the parlor, which was instituted on June 15, 1926.

Farndale — Village club house dedicated.

TYPING STUDENTS AWARDED PINS AT W.U.H.S.

Three sets of awards, gold, silver and bronze pins, were given high school typing students recently.

The gold awards, given to students who typed sixty to sixty-nine words per minute wtih less than five mistakes, were presented to Eugene Justus Alice Sequeira, Ida Sequeira, Roumilda Rose and Irene Oliveria.

The silver pins for typing fifty to fifty-nine words with less than five mistakes were awarded to Elsie Silva, Dorothea Silveira, Irma Dutra, Aldina Perry, Mae Andrade, Lola Luna, Anna Seilder, Mildred Dias and Laura Burns.

The students who received the bronze medal for typing forty to forty-nine words per minute with less than five mistakes were Anna Perry, Tsurue Sakaki, Anthony Knobles, Mamie Perry, Olivia Foster, Joe Guardianapo, June Witherly, Judith Gronley, Elsie Costa, Hazel Faria, Donald Spetti, Joseph Avilla, Olive Silva, Helen Correia, Victoria Meneze and Masako Hirabayashi.

Mr. and Mrs. M. Secada, of Centerville, left on Saturday for Fresno, where they plan to attend a birthday party. They were accompanied by Mr. and Mrs. F. Wells.

Cotati — R. Schilling and R. Bruhn received contract for construction of fire house.

Live Oak—Construction underway on packing plant for Sutter Butte Fruit Growers' Association.

Water Department Shows Profit Of $351 During May

Largest Number of Services Are in Use During Last Month

Pleasanton's water department showed a profit of $351.86 during the month of May, according to the report filed with the town board Monday evening by Town Engineer Hugh Sinclair.

There were 477 taps in use in the town during the past month, the largest total ever recorded. There is no indication of a water shortage, it was stated.

The improvement of the city of San Francisco pump was reported as having been carried out and the possibility of an acute situation was forestalled.

FORFEIT GAME TAKEN SUNDAY MORNING BY PLEASANTON SQUAD

Alameda Team Fails To Appear; Good Game Promised Next Sunday

Pleasanton Merchants won the game Sunday morning by a score of 9 to 0, via the forfeit route. The Alameda American Legion No. 9, team was to have been their opponents, but failed to put in an appearance, or to even notify the Pleasanton team that they would not be on hand.

After waiting a half hour for the Alamedans, Managers George Barry and Hyman Stark divided the team, and with the assistance of several of the fans played a few practice innings.

The youngsters will be seen in action next Sunday at 11 o'clock on the Pleasanton grammar school grounds. A good game has been promised.

Who Reads a Newspaper?

EVERYONE. That is the complete answer to who reads a newspaper. Naturally everyone doesn't read every newspaper, but everyone reads at least one newspaper. The Township Register is read by practically everyone in Washington Township, ninety percent we should say.

The Township Register is printed on one of the highest grades of news print, and the same care is taken with it as with the most expensive job printing order.

Every operation in the making of The Township Register is carried on in our plant located at Main St. The news stories are procured, written, set up and printed right in Niles.

IN THE LAST analysis the real meaning of this is that the advertisers in the Township Register reap a great benefit, for in pleasing our readers with the information of general interest and features, The Township Register becomes a popular publication. A popular publication is read from cover to cover, including the advertisements.

Florence Garatti Is Graduated By Dominican College

Pleasanton Girl Will Be Teacher of Pleasanton School.

Miss Florence Garatti, daughter of Mr. and Mrs. Frank Garatti, of Pleasanton, was graduated from Dominican College at San Rafael on Wednesday afternoon of last week. Miss Garatti completed her course with high honors. She was awarded an A. B. dergee and a teachers' certificate.

She was a member of the class of 1926 from the Amador Valley High School. She will join the faculty of the Pleasanton Grammar School next fall as the sixth grade teacher.

Among those from here who attended the commencement program were Mr. and Mrs. Frank Garatti, and daughter Hazel; Miss Doris Grana; Miss Roma Rivolta; Mrs. C. Delucchi; and Mr. and Mrs. John Delucchi.

Personal Items

Mrs. C. Locker, of Auburn, spent a week visiting with Mrs. P. A. Ellis, of Niles, returning to her home on Thursday.

Mrs. Dr. V. Legard, of Sunol, was a visitor at the home of Mrs. P. A. Ellis last week.

Judge Allen G. Norris was a visitor in Oakland on Friday of last week.

George Brothers, of Niles, have been awarded the contract to haul for King County Packing Company, of Oakland.

Mr. and Mrs. Roy Butterfield, of Niles, were visitors in Oakland on Sunday.

Mr. and Mrs. Joe Cardoza, of Niles, were visitors in Oakland on Sunday and Monday evenings.

George A. McArthur, former owner and publisher of the Township Register, now a resident of San Leandro where he operates a commercial printing establishment, was a visitor in Niles Sunday, enjoying visits with old friends.

Miss Edna Hazel Wellington, of Niles, plans on celebrating her twenty-first birthday natal anniversary on Sunday.

ALLEGED CAR THIEF IS ARRESTED WHILE AT WHEEL OF VEHICLE

Constable Albert E. Vervais Makes Arrest in Pleasanton

David Mederios, of Oakland, was arrested by Constable Albert E. Vervais in Pleasanton on a grand theft charge. Mederios is the alleged thief of an Oakland automobile.

The arrest was made on Second street, Pleasanton. Suspicion was first attracted to the man by his appearance of intoxication. Constable Vervais said. The prisoner was taken to Oakland and turned over to the sheriff's office.

Amador Students Express Many High Ambitions

Graduating Class Gives Voice to Great Variety of Vocations

Ambitions of the students who will be graduated from Amador Valley High School in the class of 1931 vary from the desire to be a baseball player to obtaining a position with a foreign company.

All of the students have ambitions to follow out in some manner the advantages of education which have been their good fortune to receive so far in life.

In interviews with the senior class this week the following was the manner in which they expressed their future desires:

Olive Adams: "I want to be a nurse."

Julius Anselmo: "I intend to attend St. Marys college and take a course in commerce and economics. I hope to become an athletic coach."

Myron Azevedo: "It is my ambition to take a post-graduate course in business and in time to become manager of a business firm."

Fred Barton: "I plan to enter Sacramento Junior College, and to follow out a course in art so that I may become an illustrator."

William Bottini: "A course in civil engineering at the University of San Francisco is my present desire."

Garnet B. Fleming: "I hope to attend some good engineering school that I may become a mining engineer."

Wilbur Hardy: "Undecided."

Freda Gariboldi: "I hope to be a teacher some day."

Edwin A. Gomes: "I desire to be a teacher of music and a good musician myself. I plan to take up a course of music at the San Jose Teachers' College."

Lloyd Gomes: "St. Marys will be the college of my choice where I shall take up a course in economics and commerce. I would like to connect myself with a foreign tractor firm."

Jean Graham: "To be a private secretary is my ambition. I shall take a commercial course at Armstrongs."

Arthur Lee: "I plan to take a post-graduate course and to become a baseball player."

Anna Miller: "A commercial course in Healds' business school will be my next step as I plan to be a stenographer."

Bessie Monighetti: "I intend to attend a beauty culture school."

Ottilia Nevis: "A private secretaryship appeals to me. I shall take a commercial course at Healds."

Mary Pedri: "Painting is my ambition and I plan to better myself in this endeavor at the Fine Arts School in San Francisco."

Frank Paulo: "I hope to enter some commercial business."

Ynez A. Reimers: "I desire to be a trained nurse. I plan to take the training course at Providence hospital."

Glady Rose: "I want to be a stenographer or private secretary."

Helen Rankin: "A stenographic course at Armstrongs business college is my plan to become a private secretary."

Gardner P. Smith: "Aviation engineering appeals to me. I shall take up aviation engineering at the California Polytechnic College of Engineering."

Evelyn Silveria: "I am undecided between costume designing and nursing.

Olive Tripp: "I shall be a teacher and plan to attend the University of California."

Charles Viada: "My ambition is to be a music teacher. I shall attend San Jose State and take up music.

Edward Vervais: "It is my ambition to go to a higher institution of learning and study journalism."

NILES CIVIC BODY TO ASSIST STATE WIDE MOVEMENT

Chamber of Commerce Supports California Industries League

Members of the Niles Chamber of Comerce recently received a communication from Thomas W. Martin, exterior director of the California State Industries league, which forcibly stressed the importance of the purchase of California products, wherever price and quality permit, by both merchants and consumers.

In line with this movement, considered especially necessary and important during present economic changes, the league offered to supply a speaker to appear before the local civic body and residents of Washington township, and to furnish the gathering with advertising novelties, and to distribute samples of merchandise made by California manufacturers.

The communication was acted upon at the last meeting of the Niles Chamber of Comerce, and it was decided to invite the California State Industries league to supply a speaker to appear at one of the regular luncheon meetings of the civic body during the latter part of this month.

The league feels that California must create its own prosperity, and must keep its payrolls at home, and it is to serve these ends, and to boost this state in particular, that this state-wide movement has been started.

LIONS CLUB WILL ELECT OFFICERS AT NEXT MEETING

Nominating Committee Is Appointed to Present Ticket

Naming of a nominating committee and the discussion of business problems of the organization constituted the session of the Pleasanton Lions club at its meeting in Ratti's restaurant, Pleasanton, Tuesday evening.

The committee named by President Jerome Arendt to select the nominees for the offices of president, vice-president, secretary, treasurer and two directors to serve two years, was composed of Crawford Letham, John Taylor and Lloyd H. Rhodes.

The election of officers was to have taken place at the meeting last week, but owing to the withdrawl of three candidates for three different offices, the appointment of a nominating committee was ordered.

The nominating committee was instructed to report back its selections at the next meeting. All members of the club have been especially requested to attend the meeting next Tuesday when the officers for the ensuing term will be selected.

Other business included a discussion of what part the club shall take in the Livermore Fourth of July celebration. Action was laid on the table for another week.

A letter from the Women's Improvement club inviting the Lions at attend a card party in the Pleasanton town hall on Tuesday evening, June 16, was re-read to the club. The party is a part of the ladies' program to raise funds for the purchase of an electric street sign for Pleasanton.

The election of A. B. Pickard as the club's delegate to the district convention in Yosemite next week was the closing order of business.

VACATIONISTS TO VISIT IN EIGHT STATES ON TRIP

Scoutmaster Marshall M. Green, of Niles Troop No. 1, accompanied by Frank Ferry, apprentice at the Township Register, are leaving next Monday on a well-planned automobile vacation trip which will take them into eight different states before they return to Niles on June 27.

Leaving Niles, the vacationists will make their first overnight stop at Crescent City, where they will take the Redwood Highway to Portland, Oregon. The states of Oregon, Washington, Idaho, Montana, Wyoming, Utah and Nevada will be visited during the trip, which provided for stop-overs at Yellowstone National Park, the Grand Canyon, Reno, Nevada, Glendale, California, and possibly a trip across the border into Mexico.

IRVINGTON SCHOOL BALL TEAM HAS GOOD SEASON

Horse-hiders of Irvington Grammar school have added two more victories to their long string this season by recent wins scored over Centerville and Alvarado schools, the deciding score in both games being six to three.

E. Rose, crack player of the Irvington team, has averaged a home run in almost every game played during the season. The hitting and fielding of the entire team during the season has been exceptionally high.

Following are the members of the team: H. Cato, c.; E. Rose, p.; P. Ramsell, 1b; J. Barlan, 2b; A. Muniz, ss.; J. Correia, 3b; L. Houck, r.f.; A. Marshall, c.f.; L. Cunha, l.f.

Mrs. J. Levada, of Irvington, is entertaining members of the Ladies' Bridge Club this afternoon.

Commencement at Amador High To Be Held Tonight

Class of Twenty-Eight To Be Given Diplomas This Evening.

Diplomas will be presented to twenty-eight students at the annual commencement program of Amador Valley Joint Union High school in the auditorium this evening at 8 o'clock.

This is the largest class which has ever completed the course of study prescribed by the Pleasanton school. It is with a great deal of pleasure that the class is to be presented to the public tonight.

The program for commencement will be as follows, it was announced this week by R. O. Moyer, principal:

Processional....March Royal....Bach

High School Orchestra

Star Spangled Banner....Audience

Miss Gariboldi, class valedictorian, will be graduated with twenty-one and a half credits. This is five and a half over the minimum required to graduate. All of her grades have been above average, Principal Moyer stated.

The class officers are Edwin Gomes, president; William Bottini, vice-president; Freda Gariboldi, secretary; and Frank Paulo treasurer.

The faculty which has guided the class through its final year is composed of R. O. Moyer, Miss Eleanor Perry, Miss Madeline Jacobsen, Miss Evlira Wollitz, Mrs. Anita Smith, E. C. Lanphier, George Patterson, and Harry Tripp.

The board of trustees is composed of the following: Dr. J. Hal Cope, president; Charles S. Graham, clerk; Henry P. Mohr, J. V. Pereria and T. H. Green.

Those who are to receive their diplomas are Olive Adams, Julius Anselmo, Myron Azevedo, Fred Barton, William Bottini, Andre Bonne, Garnet Fleming, Wilbur Hardy, Freda Garibodli, Edwin A. Gomes, Lloyd Gomes, Jean Graham, Arthur Lee, Anna Miller, Bessie Monighetti, Ottilia Nevis, Mary Pedri, Frank Paulo, Ynez A. Reimers, Gladys Rose Helen Rankin, Gardner P. Smith, Evelyn Silveria, Olive Tripp, Charles Viada, and Edward Vervais.

REPRESENTATIVE IS APPOINTED FOR NEW AUTO

Announcement of the appointment of Joe Oliver, Jr., of the Niles Garage, DeVaux dealer here is announced by George R. Morris, sales manager of the western factory of the DeVaux-Hall Motors Corporation, located in Oakland.

The local DeVaux dealer organization is regarded as one of the outstanding motor car merchandising concerns in this territory. In preparation of the display of new automobiles the Niles Garage has decorated its show rooms specially for the showing of America's newest automobile creation.

Two men, outstanding in the industry, are the builders of this car. Norman deVaux, president of DeVaux-Hall Motors, has won an enviable reputation nationally as a manufacturer. Working hand-in-hand with him is Col. Elbert J. Hill, vice-president in charge of engineering, whose fame as an engineer has won him international fame.

Colonel Hall, co-designer of the Liberty motor, built a 70-horsepower motor for the DeVaux which produces a constant, even flow of power at speeds of five to seventy miles an hour. However, he also bore in mind the fact that the automobile owner today is also interested in economy of operation and the Hall power plant has a gasoline mileage that is surprising, it was pointed out.

Count Alexis de Sakhnoffsky is a third person who has played an important role in designing the DeVaux 6-75. To Sakhnoffsky goes the credit for the distinctive appearance of the car. From its sloping "V" type radiator all lines flow back in a rhythm suggesting its high speed.

All residents of Washington township are extended a cordial invitation by Joe Oliver to inspect the new car, a model of which is now being displayed at his showrooms at the Niles Garage, on Main street.

LEGION JUNIOR BALL TEAM IS HANDED LICKING

American Legion baseball team of Washington township lost a nine-to-three decision to the San Leandro legion team on Tuesday afternoon in the first competition game played.

The game was played at the San Leandro High school, and Wilson pitched for the Niles team. The next game is to be played on the Washington Union High school grounds on Friday afternoon against the Borgiat school, of Oakland.

John Haas Has Narrow Escape In Auto Wreck

Accident Occurs Wednesday While Student is Enroute to School

John Haas escaped uninjured when the car he was driving ran off the road between Pleasanton and Sunol, opposite the Happy Valley road and crashed into a tree on Wednesday morning.

Haas was on his way to school at the time. He stated that the steering gear locked and that he lost control of the car. He was the only one in the machine at the time of the crash and was not hurt.

The front of the car was the only part damaged. Haas was travelling at a slow rate of speed at the time or he would have possibly received serious injury.

MEAT

It has been proved conclusively that people who do not eat meat are healthier, stronger and have more endurance than those who do.

Only about one-third of the total weight of meat can be used as a food.

Meat contains: 12 per cent fat, 22 per cent protein, 66 per cent water.

The water in meat is largely urea. Urea is one of the waste products of the body that comes from the tearing down or decomposition of the proteid matter of which the muscles of the animal are composed. The urea is the waste matter from the consumed tissue, just as the ashes are the waste matter from used up wood or coal.

Both the protein and fat—the two food elements in meat—are entirely tasteless. It is the urea in the water or juice of the meat that gives it its flavor. Our taste for meat or the urea in meat is not natural, but acquired, the same as for salt or tobacco.

Parasitic infections such as Tapeworm and Trichina are often found in meat. Diseases of animals are definitely transmitted to human beings. The average hamburg steak purchased on the market contains approximately 82,000,000 bacteria per ounce.

CONDIMENTS

Spices, salt, pepper, catsup, vinegar, etc., and chemical preservatives used in the preparation of foods, make them unfit for the formation of healthy blood and tissues. They interfere with the formation of red blood corpuscles and through their constant irritating effect upon the mucous membranes of the intestinal tract are the chief contributary causes of chronic catarrh and cancer. Salted and spiced foods will insiduously lead to overeating and to the craving for alcoholic beverages. Food substances for human beings and lower animals must be organic. Chloride of sodium (common salt) does not belong to this class. When introduced into the stomach with food it sets up inflammatory action. That salt is not utilized by the vital organism is proven by the fact that the various depurating organs promptly throw it out.

ACIDOSIS

SUPERACIDITY IS CAUSED BY

Tea, coffee, chocolate, meat, tobacco, sweets, condiments, overeating, wrong selection of foods, wrong combinations, all alcoholic stimulants. Also lack of fresh air and exercise.

SUPERACIDITY CAUSES

Impoverished blood, dry skin, dandruff, falling hair, stomach irritation, catarrh, ulcer, cancer, abnormal appetite, rheumatism, gout, lumbago, sciatica, headaches, intestinal gas, appendicitis, auto intoxication, anemia, constipation, cirrhosis of the liver, biliousness, mental depression, irritability, nervousness, heart trouble, diarrhoea, gastritis, cold cores, fevered stomach dry-mouth, and PREMATURE OLD AGE AND DEATH.

DON'T JUDGE FOODS BY THEIR TASTE

Foods are known as of alkaline or acid reaction, only in referring to their final effect in the body. Fruits such as oranges, lemons, and grape fruit are distinctly acid to the taste, but the acids of these fruits are chiefly citric and malic acids, combined in the form of salts with such alkaline substances as sodium and potassium, which are promptly oxidized by the body to the respirable carbonic acid gas which is exhaled, leaving an alkaline ash, which reduces the acid in the system.

ACID FORMING FOODS

Bread, corn meal, crackers, cranberries, eggs, fish, fowl, meat, oysters, crab, lobster, oatmeal, peanuts, prunes, rice, sweets and stimulants.

ALKALINE FORMING FOODS (or acid reducing)

Almonds, apples, asparagus, bananas, dried beans, dried lima beans, raw beets, raw cabbage, raw cantaloupe, cauliflower, celery, chestnuts, lemons, lettuce, raw cow's milk, oranges, peaches, dried peas, baked potatoes, radishes, turnips, raisins.

Pleasanton Expenses During May Drop Back to Normal

Two Funds Are Depleted —Replenished from the General Fund.

With no interest on bonds due during the month of May the disbursement of funds by the Pleasanton town board at its meeting Monday evening was small, the total being only $1,645.42, which included the officers' monthy payroll that in itself amounted to $745.

The cash balance in the hands of T. H. Silver, town treasurer, amounted to $5,285.59 as of June 1, according to his report filed with the board.

It was found that the town hall and municipal improvement bond funds had been depleted by the payment of interest ordered last month, from C. Letham, town clerk's report. The board ordered the transfer of $45.99 to the first named fund and $66.89 into the improvement bond fund from the general fund.

The clerk's report showed the following:

Cash Balance, May 1....	$ 9,929.54
Taxes	$ 140.00
Water	569.30
Milk inspection	29.81
Recorder's court	595.00
	1,466.36
	$11,395.90
Less May warrants	6,137.31
Balance June 1	**$ 5,268.59**

This balance was divided into the following sections: general fund—$4,584.46; water bond fund—$786.30; and 1929 municipal improvement bond fund—$1.07.

Yuba City—Frank Bremer plans to erect $10,000 building on Plumas street, south of Kenyon building.

Redding—Bids received for oiling 60 miles Redding-Alturas lateral, between Redding and Fall River mills.

Beautiful Service Held Memorial Day In Two Cemeteries

Walter T. Nilson Delivers Short, Interesting Address

Memorial Day exercises were conducted in Pleasanton by the American Legion, assisted by its Auxiliary, in an impressive manner Saturday morning.

The address of the day was delivered by Walter T. Nilson. His remarks were short and carried the message that the honor bestowed upon the war heroes was intended for them alone and not for war, which was horrible in every sense.

Headed by the Legionaires in uniform and the color bearers for both the legion and the auxiliary, the parade formed on Neal street opposite the Pleasanton post office. Next in line was the Amador school band of fifty pieces. Next came the members of the auxiliary carrying a large float of flowers which were used to decorate the graves of the departed veterans. Last came the civilians afoot and in machines.

The procession first entered the St. Augustine's cemetery, the Legionaires stopping as they marched up the roadway to place flags on the graves of soldiers. At the circle the Legion ritualistic ceremony was conducted, after which Father Timothy Galvin conducted the Catholic memorial service.

Leaving St. Augustine's cemetery, the same procedure was followed as the parade entered the Odd Fellows' cemetery. Rev. R. C. Cross conducted the prayer service at the circle there, with the address of the day being delivered at the close by Legionaire Nilson.

Taps were sounded by Kenward Sexton of Amador high school band at the end of the ceremonies in each cemetery. George Barry, commander of Pleasanton Post No. 237, American Legion, was in charge of the ceremonies.

The parade disbanded at the gates of the Odd Fellows' cemetery.

THREE GAMES TO BE PLAYED WITH LIVERMORE NINE

Y. M. I. Baseballers Start At Home Series Sunday.

Interest of Pleasanton baseball fans has been aroused to fever heat this week following the announcement by Jack Marsh, manager of the Y. M. I. team, that the first of a three game series with Livermore will be played on the grammar school diamond next Sunday afternoon starting at 2:30 o'clock.

An exceptionally large attendance is looked for, as Pleasanton have a 2 to 1 win over the Livermore team already chalked up. This victory will not be included in the series, however. The game was played two weeks ago and was called at the end of the fifth because of rain.

Manager Marsh and his players, the great majority of whom are Pleasanton boys, have asked that there be a better turnout for the games as all the money they receive is derived from the free will donations collected at the grounds each Sunday.

No one has been asked for any donation and none will be. All the club seeks is sufficient money to purchase balls and bats and expenses for the visiting team. If there is an average of ten dollars collected, the club will be able to continue with the schedule.

A good brand of ball is being displayed. With the two completely different types of pitchers the club has in Jimmy Trimingham and Julius Anselmo, the fans are certain of real enjoyment.

Trimingham is an easy going curve ball pitcher, who with his glasses reminds one greatly of Lee Meadows, the former Pirate hurling ace. Anselmo is the type who burns the ball over and has the batsmen whiffing the air consistantly.

Manuel Mongoia is making a first baseman of himself and doing a good job of it. He put on a very interesting show last Sunday by his antics in trying to locate the bag. One time he ran about five miles after he had the ball, trying to get his foot on the bag, but he got his man.

Dunsmuir — Shasta Springs resort completely remodeled.

Santa Barbara—Fox Arlington Theater opened to the public.

STREETS RECEIVE ATTENTION FROM BOARD MEMBERS

Spring Street Being Improved With Sidewalk and Curb

Conditioning of streets in Pleasanton cost the town the sum of $364.50 for labor during the past month, it was reported by Superintendent of Street M. M. Rodrigues. The work included gravelling, watering and cleaning. The teamsters used during the two-week clean up period accounted for a large portion of the labor bill.

The principal activity in Pleasanton now is centered on Spring street where the laying of sidewalks and curbs is under way. The work is confined to the north side of the street between Railroad avenue and Main street.

It is expected that the work will be completed by the end of this week.

ACCIDENT REMEDY

Dangers of Bottle Neck Cause Auto Wreck On Monday

Automobiles owned by D. Marez, of Niles, and W. L. Powers, of Colorado, collided in front of the postoffice on Monday afternoon, the Ford coupe owned by Powers getting the worst of the argument, having a broken front wheel and a bent axle to boot, as against a torn off hub and a few scratches sustained by the Essex sedan driven by Marinez.

Powers stated he was forced to the center of the road by a machine which passed him on the right, and Martinez, driving to- ward San Jose, was given the alternative of either hitting Powers' machine or a car parked directly on the west side of the road.

Civic Action

The Niles Chamber of Commerce have recently been attempting to arrive at a solution to prevent accidents to automobiles and pedestrians at this dangerous bottle neck, and a proposition relative to widening the highway, it is to be brought up at the next meeting.

Correspondence has been held between the chamber and Louie Gehrh, of the state motor vehicle department, with reference to the high rate of speed with which motorists pass this danger spot.

During the past week, a motorcycle officer has rendered valuable aid, in the estimation of the chamber of commerce and a letter to Mr. Eich thanking him for his co-operation was ordered sent at the meeting held Tuesday.

Editor's note: If owners of stores in this particular block, and patrons of such stores, including the postoffice, would park their automobiles parallel instead of diagonal, a decided step would be made in the solving of this problem, and the hazzards of accidents to both machines and pedestrians would be greatly reduced.)

Oakland — $35,000 Cathedral Chapel, Telegraph avenue, dedicated.

travelling at a slow rate of speed and stopped at Hall's warehouse.

Davis was thrown clear of the wreckage and landed some twenty feet from the road and down an embankment. His spine was broken. Death was instantaneous, according to Dr. J. Hal Cope, of Pleasanton, who was called to the scene of the accident.

The dead man had been employed by the American Creamery company as a driver of its ice cream truck. He delivered ice cream daily, and was well known throughout Washington township. Davis was en route to Livermore at the time of the accident, having just left Pleasanton after delivering ice cream to several places.

The body was removed to an undertaking establishment and later taken to Oakland. Davis is survived by his widow and three children. The truck was hauled away by Jack Taylor.

While the cab and engine of the truck were completely demolished, the rear compartment was intact and the ice cream undamaged.

The train was in charge of J. Chrystal, conductor, and M. E. Katchun, engineer. Both men are from Oakland.

PETERSON BUILDING IS ENDANGERED BY FIRE

Prompt response by the Niles fire department to an alarm turned in early Friday afternoon averted what appeared to be a very serious situation. A pile of old lumber and materials at the rear of the Peterson building had become ignited, and the flames had spread to the back wall of the frame building, when the prompt attention of the firemen extinguished the blaze. The conflagration apparently started by flying cinders from a nearby garbage burner.

Had the blaze gained a little more headway before the alarm was turned in, the entire Peter-

George Posey assured Mr. and Mrs. Shinn that work on the new extension would commence immediately the deeds were signed.

Mr. and Mrs. Shinn signed two deeds, one donating the necessary land for the extension of First street through to the limits of property owned by the California Nursery company, and the other relative to the taking over by the county of the balance of the street between First and Second streets in front of the Veterans' Memorial building. According to the report made at the meeting Tuesday, the two owners who so generously donated their property for the extension are desirous that work be commenced as soon as possible, and their wishes appear to express the general sentiment of the entire Chamber of Commerce.

Work Beyond Nursery

The Niles Chamber of Commerce have assured the county board of supervisors that they will do their best to secure the sanction of all property owners beyond the California Nursery grounds to deed the extra footage necessary to widen the existing road to sixty feet, an extra five feet on each side.

The chamber of commerce feel that in view of the very public-spirited action of both Mr. and Mrs. McDonnell and Mr. and Mrs. Shinn in voluntarily deeding their land for this much needed civic improvement, that the balance of property owners affected should also show their co-operation by assisting the hard-working chamber committee in every possible manner, and in this manner, help rush the balance of the project through to a speedy conclusion.

A unanimous vote of thanks was extended Mr. and Mrs. Shinn and Mr. and Mrs. McDonnell by the chamber of commerce for their co-operation and their evident civic pride. The members present also gave a rising vote of thanks to R. Blacow, who has devoted much time and energy in the interests of the extension, and through whose efforts the project has reached the present successful stage.

By KARL NORDVIK

PICNIC IS ENJOYED BY YOUNG FOLK OF NEWARK

A picnic was given for the young folks who attended the recent swimming party at Alum Rock Natatorium on Sunday, the girls acting as hostesses. The party was suggested by the Misses Judith Gronley and Elizabeth Laudenslager.

While on the picnic, the young people enjoyed swimming in the surf, and playing baseball and football, and as a result, many of them are now suffering from acute cases of sunburn. Those who were present on the outing were: Misses Judith Gronley, Elizabeth Laudenslager, Anne Olsen, Harriet Tyson, Helen Barton and Barbara Laudenslager, and the Messrs. Eldred Laudenslauger, Thornwell Anderson, Albert Donedde, William Tyson, Buss Hatch and Karl Nordvik, and Mrs. M. Tyson. The party journeyed to a spot near San Gregorio. Delicious refreshments were served.

Stanford Student Spends Vacation at Newark Home

Louis Ruschin, Jr., of Stanford University, is now at home in Newark on his vacation. Mr. Ruschin will attend the scout camp in Berkeley this year for two weeks, as a senior officer in the medical department. He will return to the university next year as a sophmore.

Mr. and Mrs. H. W. Fuller, of Newark, are on their vacation in Blairsden, Plumas county, where they are visiting with Mr. Fuller's parents, Mr. and Mrs. B. Fuller. Mrs. W. K. Brown, of Oakland, is also on the trip.

NEW FIRE TRUCK IS PURCHASED AT NEWARK

A new fire truck was recently purchased by Newark Fire Commisioners H. W. Fuller, Fred Muller and J. D. Silva, from the American La France Fire Equipment Company, total cost of the truck and necessary equipment amounting to $75,000.

The new truck will carry a 500-gallon-per-minute water tank, 800 feet of one and one-half-inch hose and 200 feet of two and one-half-inch hose. Both the old and the new trucks will be kept in Newark, the old truck being kept for use as a chemical truck, carrying four chemical tanks and two hose reels.

There are twelve members in the Newark Fire Department, including Chief Louis Ruschin.

In a recent interview with Chief Ruschin, he stated, "I think as much of the old bucket brigade wagon, which is twenty-four years old, as I do about the new engine, but only as a keepsake." Mr. Ruschin has been fire chief at Newark for the past twenty-four years.

SURPRISE PARTY TENDERED COUPLE ON ANNIVERSARY

A surprise party was given by the Newark Presbyterian church congregation on Monday evening, in honor of the thirty-ninth wedding anniversary of Rev. Dr. and Mrs. E. E. Mathes. The party was given in the church parlors, and games were enjoyed. Short talks were made by both Reverend and Mrs. Mathes.

Delicious refreshments were served during the evening, and Alex De Koop, Sr., officiated as toastmaster for the evening.

NEWARK SCOUTS ENJOY HIKE TO BUNTING RANCH

Many members of the Newark Boy Scout troop enjoyed an overnight hike on the J. A. Bunting ranch, near Mission San Jose, on Saturday afternoon and Sunday. The boys were guests of R. Carruthers, foreman of the ranch.

The boys attending enjoyed a long hike Sunday morning and gave signals by flashlight from the hills Saturday night. A hard game of baseball was enjoyed Sunday afternoon. Transportation to and from the camp was furnished by Committeeman J. T. Dutra and P. Gygax, while some of the boys were taken home by Mr. Caruthers. M. D. Silva visited the boys in camp Sunday morning. Those participating in the interesting hike were: Scoutmaster S. Scott, Asistant Scoutmaster Chester Bell, Alex De Knoop, Niel Bearden, Alton Steinhoff, Frank Phippen, Donald Dias, Daniel Juarez, Andrew Lemos, Ernest Phippen, and Irving Steinhoff.

At their recent meeting the boy scouts decided that during the summer months meetings will be held every third Monday evening in the month. Next Monday night will be the last regular meeting.

J. M. Nordvik, proprietor of the Newark Drug Store, has been made the official examiner in first aid for all tests.

Newark Personals

Messrs. George Freitas and Harland Johnson, of Newark, enjoyed an airplane ride over Oakland and the bay district on Sunday morning, later joining a theater party in Oakland.

* * *

Donald Miller spent the weekend with Howard Blacow, and in company with Philbert Rose spent Sunday working on Miller's boat.

* * *

Mr. and Mrs. E. C. Olsen, who were recently married in Reno, Nevada, were visitors in Newark on Sunday. Mrs. Olsen will be remembered as Miss Ruth Fuller, formerly of Newark. They are now residents of Alameda.

* * *

Howard Laudenslager and Harland Johnson attended a midnight show at an Oakland theater Saturday night.

* * *

Edward and Marcella Bimemiller, and Luella Freitas, of Newark, and Patty Bliss, of Niles, were visitors with Miss Susie Rose at her home in Niles on Sunday afternoon.

* * *

Mr. and Mrs. Joseph Dutra, of Mission San Jose, and Mrs. Louis Smith of Newark, were visitors in Mountain View on Sunday afternoon.

* * *

Messrs. Manuel Fortuna, Edward Marton and Edward Smith, all of Newark, attended the fights in Oakland on Monday evening.

* * *

The Blue Bird Club, of Newark, held a business meeting at the home of the president, Miss Violet Manley, on Tuesday evening.

* * *

The new fire truck recently purchased at Newark was put to early use on Saturday night, when it was used to extinguish a grass fire which broke out near the power plant at 10 p. m. The Centerville fire department also answered the call, and rendered assistance.

MORE ON IMPRESSIVE RITES

(Continued from Page 1)

the bridal party was taken to San Leandro, where their pictures were taken. Immediately afterwards, they motored to the home of the bride's parents near Sunol where a delicious dinner was served in honor of the newlyweds. A number of close relatives were present.

Mr. and Mrs. Gregory Perry are spending their honeymoon in the northern part of California and in Oregon, and expect to spend a great deal of their time at Clear Lake. They will return Saturday night to make their future home at Alvarado, where Perry is employed at the Leslie Salt Works.

MACMARR STORES

"That old familiar phrase of Caesar's certainly fits my impression of the West's Favorite Food Stores, only in my case I came, I saw and immediately I bought. I just couldn't resist their attractive displays of appetizing foods at such low prices," said one of our customers. Come in. See these good values for yourself, and you will want to buy, too!
